

## **NATIONAL PLANNING FORUM**

### **BUSINESS PLAN 2008-11**

#### **Background**

1. A draft of this Business Plan was considered by the Forum in December 2007 and changes have been made to reflect comments made on it. This document was considered and approved by the Forum on 17 March 2008, and progress on the Work Programme noted. Annex 1 shows completed products highlighted.

2. The Work Programme for the current year has been adjusted in the light of discussions with Communities and Local Government. The agreed Work Programme for 2008-09 is at Annex 2.

#### **NPF Mission**

3. The NPF mission is *“to inspire planning and planners to deliver the new planning system, and through that to help achieve quality, inspiring places that enhance productivity as well as people’s well-being”*.

4. The Forum is evolving its role in line with this by:

- acting as a sounding board for Government initiatives;
- formulating expert advice and/or commentary on specific issues and policies;
- promoting good practice;
- facilitating cross-sectoral working; and
- engaging members in “task and deliver” working groups.

while also:

- avoiding duplicating the work of others;
- concentrating on areas in which all sectors have a common interest; and
- aiming to be constructive in all that we do.

5. In delivering on its Mission, NPF aspires to continue to be recognised as the principal cross-sectoral voice on planning issues in England, and a key agent for change across all sectors, enabling planning to deliver more sustainable communities.

#### **NPF Strategic Objective**

6. The strategic objective of the NPF is to work with Communities and Local Government to drive and support culture change within planning, to promote communication that secures mutual understanding and enables the planning to operate more effectively, and to support delivery of sustainable outcomes.

#### **Administration and Process**

7. The Forum meets four times a year in full session. The NPF Executive Board, comprising a Vice-Chair elected by each of the 5 sectors, drives the work of the Forum. Each of the Vice-Chairs takes their turn in chairing both the Board and the Forum, in rotation and normally for a year at a time.

8. The Board prepares a draft Business Plan covering 3 years for discussion by the Forum. This forms the basis for a Service Level Agreement with Communities and Local Government. An annual Work Programme for each financial year will be prepared in line with the Business Plan. Together with progress on the previous year’s WP, this is considered in draft, and subject to any required changes is agreed with Communities and Local Government and signed off by the Forum by March each year. The WP for 2008-09 is at Annex 2.

9. The work of the Forum is taken forward by task and finish groups, each led by one of the Vice-Chairs, who may also take on other issues as agreed by the Executive Board. The Secretary liaises with the Chair, Vice-Chairs and others to secure the smooth running of the Forum and its working groups.

### Key Priorities for 2008-11

10. These are to:

- 1: promote **culture change** amongst everyone involved in planning via the Manifesto and Action Plan;
- 2: identify good practice in cross-sectoral **stakeholder engagement** in plan-making and decision-making;
- 3: focus on cross-sectoral good practice in **delivery** of high quality spatial solutions;
- 4: **develop the capacity** of the NPF to make an authoritative and distinctive contribution to spatial planning in England; and
- 5: enhance the **benefits of NPF membership and its governance**.

11. The aim of the Executive Board is to continue to raise contributions totalling £70k from membership annually, plus one-off amounts to fund publications, research and events. This will allow work to continue at current levels in line with this Business Plan, whilst maintaining a prudent level of reserves. This Plan forms the basis for the Service Level Agreement with Communities and Local Government for funding of £26k for 2008-08. Other funding contributors are asked to maintain or, if possible, increase their contributions as this will give our work added momentum. Additional annual or one-off contributions in cash or kind are also welcome.

12. Taking account of available resources, priorities 1-5 in para 10 will be reflected in the annual Work Programmes (WPs) for 2008-09, 2009-10 and 2010-11. The WP for 2008-09 set out in Annex 2 encompasses new work on delivery as well as the key advocacy item (on culture change) rolled forward from the current year.

### ANNEX 1: PROGRESS ON THE 2007-08 WORK PROGRAMME *[Note: completed actions highlighted]*

ACTIONS	STRATEGIC FOCUS	KEY PRODUCTS FOR 2007/8	LEAD	RESOURCE
A1 Continue to input to policy development to ensure improved delivery by, performance of, and outcomes from, the planning system	Key aspects of emerging planning policy on which cross-sectoral input is vital, including : <ul style="list-style-type: none"> <li>▪ Barker II proposals</li> <li>▪ Eddington proposals,</li> <li>▪ climate change, and</li> <li>▪ other issues as appropriate</li> </ul>	(a) Paper to inform responses to Barker and Eddington Reports <i>[Forum debate/note of mtg]</i> (b) Input to drafting of DCLG's good practice guide on climate change	Executive Board, Working Groups and Secretary	Within Existing Resources (WER)
A2 Encourage high quality spatial solutions that contribute to achieving sustainable development	<ul style="list-style-type: none"> <li>▪ Energise the delivery agenda for both spatial planning and development management, by improving the link to implementation</li> </ul>	(a) Thought piece on ways of improving delivery (b) Dissemination of the paper via the Forum to share best practice	Executive Board, Delivery Working Group and Secretary	WER
